COMMISSIONERS PREPARING TO REGISTER WOMEN VOTERS

Books Have Been Sent to Assessors, Who May Hire Clerks

FIRST REGISTRATION AUG. 31

The commissioners of Washington county have decided to take definite action in the matter of registering and assessing the woman voters of Washington county in spite of the uncertain condition that prevails in regard to the certification of the ratification of the nineteenth amendment by the Tennessee legislature.

Today they sent to each registry assessor in the county a book made especially for the registration of female voters, with instructions to register and assess therein all women who might be entitled to vote who present themselves at the polling places of the various election districts on August 31 and September 1. They will be registered and assessed in the same manner as male voters are registered and assessed where they failed for any reason to have their names placed on the voting lists at the time of the May registration.

The registry assessors will be allowed to have clerical help at the polling places on the days above mentioned, and the instructions from the county commissioners will authorize them to employ clerks where it is necessary to do so in order to facilitate the registration of women. The county treasurer may, as well, deputize the registry assessors to become his agents for the two days and to collect the state and county taxes from such of the women who care to pay them at that time.

In Monongahela the women will have three different days on which to register, the first registration day being Thursday, September 2. It will be personal registration there, each elector being required to go to the polling place where they vote and be registered. It will be necessary to present a tax receipt showing that state and county taxes have been paid before being allowed to register.

FORMER RESIDENT VISITING IN TOWN

Charles Frye, formerly of Charleroi, but now connected with the Lake Submarine Corporation of Bridgeport, Conn., was greeting old friends in town today. While here Mr. Frye was one of the big wires of the community, and was particularly active in fostering an organization known as the Community Club. This organization was also fostered in many of the adjoining towns and was in quite a flourishing condition when he left for the East. One of these organizations still flourishes in Monongahela.

W. H. Milliken returned today to Deer Park Hotel, where his family is spending their vacation. Mr. Milliken returned to Charleroi on Sunday, but goes back today for another short stay at this popular resort.

URBAN COUNTIES SHOW AN INCREASE

The decided drift of population from the country to the city is reflected in the census figures for Pennsylvania that are available to date. Of the 67 counties of the State, returns are now complete for 42, the total population of which is 4,339,597 as compared with 3,882,474 in the census of 1910, an increase of 457,123. Of the 42 counties enumerated by the census bureau 26 show an increase and 16 a decrease. The largest percentage gain was made by Delaware county, 46.8 per cent, and the greatest loss was in Potter county with a decrease of 29.1 per cent. The figures for Washington county's population were not given out, but are expected within a short time.

FUNERAL SERVICES HELD WILLIAM MAXWELL

Funeral services for William Maxwell, the Canadian Veteran of the World War, was held yesterday afternoon from the home of his brother James Maxwell at Allentown.

The services were in charge of Dr. Hackett of the Fayette City Presbyterian church and was well attended by the friends of the young man. Being a military ceremony all former service men of that vicinity attended and took part.

Mr. Maxwell, located in Canada at the outbreak of the war, enlisted with a division of the Canadian army, as a wireless operator. It was while in the line of duty that he was gassed three times, which eventually caused his death.

Mr. Maxwell was well known in this vicinity and was very well liked by all those who knew him.

He is survived by three brothers and one sister. Interment was in Mt. Tabor cemetery.

Potatoes show a disposition to come down within a reasonable price, and sugar may follow suit. The consumer is waiting for other commodities to come within reason, for he has long been paying the top price. Maybe better things are soon to come to pass.

MOOSE PREPARE FOR SATURDAY'S PICNIC

The Moose Lodge, No. 100, held Saturday next, at Ellipta Park, gives promise of outdoing any summer event of the kind ever attempted along the valley. The Monessen Lodge, L. O. Q. M., which is promoting the affair, announces that every Moose Lodge between Uniontown and Pittsburgh will be strongly represented, should the weather man come to a fine day. There will be running races for fat and lean, old and young, male and female, for which valuable prizes will be awarded. Several other athletic contests are scheduled, including four round boxing contests, by well-known exponents of the noble art. Dancing will also feature the program, which is yet incomplete, the committee declaring they will spare no effort to make this free outing absolutely out of the ordinary, regardless of expense, and from inquiries made by several of the kindred fraternal organizations, who are cordially invited, the crowd will be a mammoth one. The greatest care and attention will be accorded the ladies and children, a special committee being appointed for that purpose.

The street car company has promised the best transportation facilities to and from the park, and this together with the special arrangements for the innocent amusements for the children, and positive assurance of diversified fun and frolic for all, will mean a day long to be remembered.

MANY DEMOCRATS TO ATTEND COX MEETING

About one hundred and fifty members of the Charleroi Democratic Club will attend the meeting to be held in Syria Mosque, Pittsburgh, Thursday evening, at which Governor Cox, Democratic candidate for President, will speak. The trip down and back will be made in special street cars. The local organization, by reason of going in a body, have had their seat reservations made, which will assure them good accommodations for the meeting. While 150 members have signed up to make the trip, it is likely that this number will be increased before the delegation leaves.

JOHN T. WILSON DIES IN MCKEESPORT

John Thomson Wilson aged 61, cashier of the Pennsylvania Railroad freight office at McKeesport for 26 years, died Monday at his home, 817 Fifth avenue, McKeesport. He was a Knight Templar and a member of the First United Presbyterian church of McKeesport. He is survived by his widow, and a sister, Mrs. Florence McGowan Bell, of North Charleroi.

Rev. B. N. Achmacher, former assistant pastor at St. Jerome's church, new pastor of St. Thomas church, Thompson Run, near Duquesne, is calling on Charleroi friends.

PROGRAM ARRANGED FOR THE TRI-DISTRICT TEACHERS' INSTITUTE

WESTMORELAND WILL PUSH REGISTRATION

The commissioners of Westmoreland county, the county controller and county solicitor concurring, have authorized tax assessors to accept volunteer unpaid work for the registration of women. August 31 and September 1 will be registration days, and the registry books were mailed on Monday to the 194 assessors. Each assessor and assistant assessor has been requested to make a house-to-house canvass, that each woman of voting age may be registered.

FAYETTE COUNTY REGISTERS WOMEN

Actual registration and assessment of the women of Fayette county, preparatory to their casting their first vote in the fall elections, was begun throughout the county on Monday, when the county commissioners distributed the necessary supplies to the registrar-assessors. Many of the registrars began work immediately and by evening several hundred women of the county had taken the first step toward casting the ballot.

The commissioners have impressed upon officials the importance of making the registration immediately by a house to house canvass in their respective districts in order that there may be no dispute as to the eligibility of the county to cast their ballots in November. It is believed that the honor of being the first women registered in the county belongs to Miss Lila E. Ridgeway, a clerk in the office of the register of wills, with Miss Annette Gorley as the second. No figures as to the registration of women in the county will be available until the work has been completed.

BELLEVERNON MAN HELD FOR GRAND JURY

A coroner's jury which met in Uniontown on Monday held for the grand jury Baptista Baritica, of Belle Vernon, who was driving a Buick car which was wrecked near Hopwood July 25. Three persons, all of Belle Vernon, died as a result of the accident. One witness who was in the car sideswiped by the Buick testified that Baritica had been drinking wine and beer at a dinner in the mountains, near Seaton's Lake. In the car which was sideswiped and which carried members of the same party were the persons, including four or five children. Many witnesses told of the fast driving of Baritica as the two cars dashed down the mountains.

THE FULL DINNER PAIL

The action of the Republican publicity association in bringing the tariff question to the front as one of the leading issues of the national campaign will meet with general approval from Republicans throughout the country. The protective tariff is a fundamental doctrine of the party. Its value to the economic and industrial prosperity of the nation has been demonstrated again and again. Its potential value has never been so great as at present. Reiteration of its principles will do much to strengthen the general Republican purpose in this campaign to make settlement of domestic problems paramount.

The difference in foreign exchange rates between the United States and European countries is stimulating imports to a great degree. The necessity for European countries to increase exports to America to help rehabilitation at home and to help pay the war debt is also increasing the entry of European goods at American ports. Our imports have increased 100 per cent over what they were in 1913, and as European industry regains its feet, the importation promises to become much greater.

A protective tariff is the one natural safeguard for American industries in the face of a flood of imports. It is a safeguard to which the Republican party has been committed for many years, but which has to an extent been overshadowed by other issues in the present campaign. However, it still is Republican doctrine, and those who wish to see American mills working at high speed, with jobs plentiful, wages good, and production sufficient to support demand, will recall and support it.

Our present state of prosperity undoubtedly is artificial to some extent, but it is prosperity. In view of conditions it will be difficult to make a full dinner pail a popular campaign cry, but it is nevertheless a Republican slogan. We had better keep it full than allow it to be emptied, and those who have filled it with prosperity give thought to the issue will support the tariff pledged to a definite method of keeping the dinner pail full.

GOVERNOR'S CHARGES

Governor Cox, who has been venturing about the big "slush" fund the Republican campaign, alleged to be raising for use in the present campaign, will now have an opportunity to make his charges good. The special Senate charges good. The special Senate committee has called upon the Governor to submit his proof of the allegations he has made about this alleged corruption fund, and thus show up the opposition to his candidacy. The governor intimates that he will not appear before the committee to testify, but will give the facts to the public in the manner he deems best.

In other words, the Governor wants to run loose over the country making charges which he cannot substantiate, that the Republicans are spending millions in the campaign for the purpose of corrupting voters, and buying the election, but when it comes to "showing his hand" he thinks he ought to be exempt because he is a candidate for President.

If Cox has any evidence of such a corruption as he speaks of, he should make it known, and the Senate committee would be a proper organization before which to make it public. The Governor should either put up his evidence, or shut up.

The German Foreign Secretary denies that Germany is thinking of joining forces with soviet Russia in order to have no obligations. Maybe soviet experience teaches that when Germany says anything it is pretty safe to conclude that she expects to do it or is doing it already.

INFLECTING PENALTIES FOR SELLING WHISKY

United States courts are hearing down more heavily on those who are convicted for selling booze. On Monday in the Federal court at Pittsburgh a hotel keeper on the South Side was fined \$500 and sentenced to 30 days in jail for violation of the Volstead act. Fines of \$100 were levied on other prisoners who entered pleas of guilt to manufacturing whisky and having possession of stills. Heretofore the Federal courts have been quite lenient but there seems to have been a change in the attitude of the judges and violators may not get off so easily in the future.

They Don't Need Much Sugar

Old fashioned housewives canned by the open kettle method, and required a great deal of sugar to keep the fruit. When sugar was scarce or high they canned very little.

The scarcity of sugar this year is making little difference in canning. The cold pack method not only makes vegetable canning safe and advantageous, but it permits fruit canning to be done in a very light syrup. With our equipment, fruits may be safely canned without sugar.

We have all sizes Jars, Covers, Good Luck Jar Rings, Wrenches, Wax, Ladles, Funnels, Tops, Sieves and Strainers, Handy Jelly Bag or Strainer with table attachment, wood spoons, enamel, aluminum, tinned Basting Spoons, all sizes, Fruit Jar Racks, used in the wash-boiler, Handy Fruit Jar Holders. Everything you will need for canning fruits and vegetables.

Goodyear Mileage—and Tires for Small Cars

A well built tire yields much more mileage for each dollar of cost than a tire purposely made to be offered at a sensationally low price; buy the tire, not the price.

But never exceptional mileage at exceedingly low cost. Goodyear tires in the 30 x 3 1/2, 30 x 3 3/4 and 30 x 4 inch sizes are a convenience, disappointment and money.

Their value results from the application of Goodyear experience, expertness and care to their manufacture in the world's largest tire factory devoted to these sizes.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires—for the real worth and endurance that Goodyear builds into them.
